DATACARD® CERTIFIED SUPPLIES

DATACARD® MONOCHROME RIBBONS FOR USE IN DATACARD® DESKTOP CARD PRINTERS

- Several colors available to meet a variety of card printing needs
- Scratch-off ribbon available for use on promotional cards
- SP Series monochrome ribbons enable Ribbon Saver feature in printers, increasing ribbon yield and lowering ribbon costs

SPECIFICATIONS:

Yield: See attached tables for card yields. Listed yields are approximate number of cards/images that can be produced per supply unit. Actual yields may vary due to number of printer initializations, user loading procedures, and other waste factors.

Storage and Shipping:

Temperature: 32 – 77°F (0 - 25°C)
Humidity: 40 – 60% RH, non-condensing
Sunlight: No direct exposure to sunlight

AVAILABILITY:

- Monochrome ribbons for use in SP Series card printers are available in ribbon kits which contain one print ribbon, one adhesive cleaning sleeve, and one isopropanol cleaning card.
- Some ribbons and ribbon kits available in case quantities. Contact your Datacard sales representative for order details.
- All SP Series ribbons provided on the Datacard distinctive **blue** cores with platinum flecks®.

USAGE RECOMMENDATIONS:

- Performing cleaning cycles at regular intervals can help extend the life of a printhead as well as help ensure uninterrupted production of printed cards. Refer to your printer users guide for information on cleaning interval and process.
- For optimum image quality, only use printers and printheads that are recommended for use with monochrome ribbons.
- Datacard monochrome ribbons for use in SP Series card printers enable the ribbon-saver feature. Depending on the card design, this can double the standard yield of a Datacard monochrome ribbon.

YOUR BEST CHOICE FOR SUPPLIES

Protect your investment in Datacard® solutions by using Datacard Certified Supplies. You can count on Datacard for all your supply needs. We engineer superior performance and reliability into every system-matched supply item we offer. For you, that means smooth printing, brilliant image quality, high security and exceptional performance. Worldwide representation creates a fast, direct connection with the supplies and support you need, when and where you need them.
